

## **West Baden 2014 Final Report**

Even without the USA team (who used the flimsy excuse of having to attend – and win - the World Championships) 13 fliers attended the second two day contest since the resurgence of the West Baden Springs Hotel. Many thanks to Walt vanGorder for arranging this event and to Bud Layne for a major contribution to the expenses for the weekend. Also a big thank you to Larry Coslick, Steve Gardner and the St. Louis Thermaleers for the nice plaques that were presented to everyone who attended!
